# RAIL PROFIT SHARE PLAN IS PROPOSED

EMPLOYEES REPRESENTATIVE RECOMMENDS GOVERNMENT ACQUIRE PROPERTY TO BE RUN ON COOPERATIVE SYSTEM

## PROTEST POLITICS BAN

Equal Division of Proceeds To Go To United States And To Workmen; Would Promote Efficiency

Washington, Feb. 7.—Railroad labor interests today proposed government ownership and private operation of one large corporation, co-operatively organized and managed by the employees and the government. The plan, it is stated, would provide for the equal division of the proceeds of the railway business.

Testifying in behalf of the four leading railroad brotherhoods and other employees' organizations, Glenn H. Hays, secretary of the National Labor Union, recommended that the government acquire all railroad property at a price fairly representing the physical valuation and entrust the operation to a corporation to be controlled jointly by employees, officers, and the government. Earnings would be divided equally among employees and the government and rates would automatically be reduced to the extent of the amount to more than a fixed rate.

Means Cheaper Financing.  
This plan, it is agreed, would provide cheaper financing, promote efficiency of operation through sharing profits, remove railroad operation from partisan politics, keep rates at a minimum, eliminate competition in rate schedules, and provide a means of making communities benefitting by extensions pay for them. The corporation would be subjected to regulation by the interstate commerce commission.

The brotherhoods objected to the railway executives' proposal for establishing a secretary of transportation, who would constitute "regulating the people in the interests of capital." They also protested against the order forbidding railway employees from taking part in political activities.

Mr. Hays suggested organization of an "operating" corporation where operating liability constituted its sole capital.

"A certain agreed percentage of the net results of operation should belong to this corporation," he said. "The stock of the corporation should be held in trust for the benefit of the employees and the government would be administered by a board of directors."

Asks Political Rights.  
Glenn Hays said that all opposition by employees to the proposed five-year extension of the present government control would cease if the railroad administration revokes its order against participation in politics.

Responding to a question by Senator McLean of Connecticut, during the reading of his prepared statement of the program of the four brotherhoods and other employees' organizations.

"That is our only objection to the five-year plan. The purpose of an extension is to allow time for a political solution of the social issue and the government would be precluded from full participation in the working out of the solution. We could not have complete freedom to the financial interests of the problem worked, while we were limited."

DUSSELDORF STRIKES AGAINST SPARTACANS  
Berlin, Wednesday, Feb. 6.—The whole city of Dusseldorf has "walked out."

Spanish Influenza NEARLY WIPED OUT  
Spanish influenza, which was rampant in this city several weeks ago, is practically wiped out, according to local physicians. Less than 20 cases are reported in the city.

Pomerene Yields Demand for Election Investigation  
Washington, Feb. 7.—In view of negotiations toward a compromise plan for proceeding with the Ford-Newberry Michigan senatorial election contest, Chairman Pomerene of the committee on elections and elections committee, formally announced in the senate today that he would not press his resolution proposing an immediate investigation.

# Wichita Girl to Aid French Tots

Miss Claire Lois Butler Lee, a public school teacher of Wichita, Kansas, will leave shortly for France. She will work in the devastated parts of the French republic, assisting in the re-establishing of the schools which are being made ready again for the children robbed of their education by the war.

## MOTOR TRANSPORT MEN SERVED AT "Y"

Lieut. Sackenberg and 66 members of the 34th motor transport company passing through Janesville this noon on their overland journey to Spain from Camp Grant, were served dinner at the Y. M. C. A. at 12:30. They resumed their drive at 1:30 expecting to arrive in Madison late this afternoon, where they will spend the night starting out early Saturday morning for Camp Robinson. There they will be used in the work of hauling and storing ammunition.

The transport train consisted of 30 four-wheel-drive motor trucks, and four motor cars, touring cars. Starting with the new trucks, from Chicago, Wednesday noon, they spent Wednesday night in Elgin, arriving in Camp Grant yesterday. After they picked up baggage and resumed their journey at 9 o'clock this morning, reaching Janesville at 12:30 today. The trucks were parked on West Milwaukee street while the soldiers enjoyed a "feed" at the Y. M. C. A. They said it was by far the best meal they had eaten since they started from Chicago.

The dinner was prepared and served on the fourth floor. The mess sergeant's car did not arrive here until 10:30 this morning to notify the Y. M. C. A. officials. In 15 minutes boys' and girls' meetings and busy, busy, busy, the evening and was busy, busy, busy, the preparation of the rest of the dinner.

"The trucks are good for about 15 miles an hour at the most," Lieut. Sackenberg said. "We stop about every half hour on the road to take a rest and stretch ourselves but make no stops for repairs." Two of the trucks were being towed when they arrived in Janesville.

NURSES RECAPTURED BY POLES AT LEMBERG  
Warsaw, Monday, Feb. 5.—The Poles and Ukrainians continuing their advance on the Lemberg and the Poles are keeping the enemy in check. Among comrades recaptured by the Poles were sixty male nurses who, according to reports from Lemberg, were being advanced by the Ukrainians. Four of the nurses are reported to be dying in a Cracow hospital.

In heavy fighting in northwestern Galicia, Czechoslovak forces have advanced within 10 miles of Carcow. The Czechs have the advantage of greater numbers and better training and the Poles have been obliged to withdraw troops from the Polish-Poland line the fighting at Galicia.

The foregoing despatch was filed from Warsaw on the same day the armistice was signed between the Poles and the Czechoslovaks. Under the terms of the armistice the opposing forces were to occupy the positions they held Jan. 22.

EBERT IN APPEAL FOR JUSTICE AND TRUTH  
Weimar, Thursday, Feb. 7.—The old order in Germany has gone beyond recall and the people now are determined to rule themselves, declared Friedrich Ebert, the chancellor, calling the national assembly to order here this afternoon.

"We will call on the old German spirit of Weimar," he said. "We will be an empire of justice and truth." The chancellor's speech, received with approval by the assembly, was a form of address never before heard in a German legislative body. The chancellor's speech was an earnest appeal for unity and uniting labor.

Germany Throw Light of Publicity on Violators  
Coblenz, Thursday, Feb. 6.—The names of all Germans convicted of violations of army regulations in territory occupied by American forces are being published in German newspapers. Publicity was decided upon as being likely to prevent an increase of minor offenses.

# U. S. PRICE SCALE ASKED TO REMEDY INDUSTRIAL UNREST

SEC. REDFIELD ANNOUNCES PRESIDENT HAS BEEN REQUESTED TO NAME PURCHASING INVESTIGATION COMMITTEE

## APPEALS TO WILSON

Labor and Government Leaders Believe Stabilized Level Would Furnish Guide to Private Enterprises.

Washington, Feb. 7.—President Wilson has been asked to name a committee of industrial leaders and government representatives which will have the power to investigate and suggest a scale of prices for basic commodities at which the government will buy during the post war period, Secretary of Commerce Redfield announced today.

The step was taken after conferences of producers and labor representatives and government officials who were in session at Redfield's office, in recommending it.

General unemployment and industrial depression were threatened, Secretary Redfield said, by the existing tendency toward nearly universal price cutting, and it was decided that if some one having official sanction could determine the price levels for the purpose of the government to furnish a guide for private enterprise in resuming activities.

There is no prospect in the immediate future of a restoration of the prices, Mr. Redfield's statement said, and it was understood that the men who acted as division heads of the war industries board prior to its dissolution on January 1, are among those suggested to the president.

## NAVY RECRUITING OFFICER ARRIVES

Chief Master at Arms, H. Albrecht, recruiting officer for the United States navy, arrived in the city this morning and will be at the postoffice for two days, Friday and Saturday, for the purpose of receiving enlistments.

Mr. Albrecht, who has charge of the Madison recruiting office, stated this morning that at no time during the war had he seen such a large number of recruits as he is seeing here today.

Men between the ages of 17 and 35 are eligible for enlistment. Men who are married and have special branches such as electricians and machinists are wanted by the government.

All who enlist will be sent to the Great Lakes for training with the exception of the electricians and machinists. Machinists will be sent to the navy yard at Charleston, South Carolina, and electricians will go to the New York navy yard.

Arrangements have been made by the government so the men can by special permission keep up their vocational or academic work while in the navy. They also can prepare themselves for the pay corps, the hospital corps, electrical engineering, stationary engineering or for admittance to the United States Academy at Annapolis.

Mr. Albrecht in discussing the navy this morning stated that the chances for promotion at the present time were better than ever before and he would like the parents and their sons come to the postoffice and discuss the navy with him.

## ILLINOIS TROOPS ON TRANSPORT MERCURY

Washington, Feb. 7.—Sailing of five transports from France with about 200 officers and 5,500 men, including 1st division which was made up from the Montana and District of Columbia infantry was announced today.

The cruiser Huntington is due to arrive at New York, Feb. 15, with units of the 163rd and 161st infantry and casual companies for Ohio and Pennsylvania.

The Heredia, due at New York, Feb. 20, is bringing detachments of base hospitals numbers 14, 18 and 66. The F. T. Hughes, due at New York, Feb. 20, will arrive with 1st division of the 163rd and 161st infantry.

The Mercury is due at Newport News, Feb. 16, with the 69th regiment coast artillery (Oregon), Illinois, California and Texas troops.

The steamer Duran is due at Newport News, Feb. 16.

# U. S. TROOPS ON GUARD IN SEATTLE

NEARLY 1,000 EXTRA POLICE AND SAME NUMBER OF SOLDIERS READY TO PROTECT GOVERNMENT PROPERTY

## CITY REMAINS QUIET

People Gather On Curb to Watch Progress of Municipal Car—Only One On Streets.

Seattle, Wash., Feb. 7.—Mayor Ole Hanson today issued the following notice to the strike committee:

"I hereby notify you that unless the sympathetic strike is called off at 8 a. m. February 8, I will take steps to open all streets and places in this city under control of the federal government."

Seattle, Feb. 7.—Armed soldiers stood guard today around United States government buildings and offices to protect them against any trouble that might occur during the general strike of over 30,000 workers here yesterday.

Nearly 1,000 extra police also were held in reserve at the Seattle police station. But there was no trouble during the morning.

Brig. Gen. John L. Hayden, commander of the troops who were sent here from Camp Lewis, Tacoma, told friends today that in all his 35 years on Puget Sound he had never seen Seattle as quiet as it was today.

Major Ole Hanson started a municipal street car on its regular run to a suburb today. Several detectives occupied seats in the car and two stood by the motor.

People lined the curbs to watch the progress of the first car.

Nearly one thousand troops from Camp Lewis are on duty in the city in the event of disorders.

A summary of the situation that faced Seattle today showed that newspapers have suspended publication, schools and theaters have closed, street cars have ceased operating, restaurants have closed and shipping is being diverted to Oregon ports because there is no one to unload the cargoes.

Soup kitchens have been established by culinary workers for the benefit of the unemployed. Non-unionists pay higher for the same "military" service.

At Tacoma where a similar sympathetic strike is in progress, the situation was reported to have given indications of improvement.

It is estimated that 30,000 men and women left their employment yesterday to aid the 25,000 striking shipyard workers.

Morrison in Charge  
San Francisco, Feb. 7.—Major Gen. John F. Morrison, commanding the western department of the army, has gone to Seattle to take charge of the army and of the strike situation here.

Major Gen. Morrison will direct the army's activities in Tacoma also, it is said.

The soldiers are there to protect the strikers, the public, and the government property," an official said.

Tacoma Situation Improves  
Tacoma, Wash., Feb. 7.—Pres. John Hoon of the Tacoma Street Car men's union, began a session with Manager Louis Bean of the Tacoma Railway and Power Company this morning, relative to a plan for a resumption of service. He said he would carry out the plan if it could be devised to give the men ample protection from "mob violence."

Miners Walk Out  
Butte, Mont., Feb. 7.—The entire day shift of the Elm Orlu mine, owned by former United States Senator Clark, numbering about 250 men, walked out this morning because of the reduction of \$1 a day in wages.

ASKS INVESTIGATION OF SOLDIER CHARGES  
Washington, Feb. 7.—Investigation by the senate military committee of American rest and embarkation camps in France was urged in the senate today by Senator Johnson of California.

Johnson's Bill to Call Back Troops Again Loses  
Washington, Feb. 7.—Another effort today by Senator Johnson of California to secure senate consideration of his resolution favoring immediate withdrawal of American troops from Russia ended in failure.

A motion by Senator Johnson to substitute his resolution for the post-office appropriation bill was defeated 37 to 32.

Copper Mines Cut Wages of Men 75 Cents Daily  
Jerome, Ariz., Feb. 7.—Copper companies here today announced a wage cut effective tomorrow of 75 cents a day. The order affects nearly 4,000 men and puts the base wage for miners back to \$5.15 per day, which was the scale before the federal mediation board ordered an increase last July.

# LAMP SALES BOOM AS ELECTRICIANS TALK STRIKE IN LONDON

London, Feb. 7.—Notwithstanding that it was announced last night that an agreement had been reached for the settlement of strike of the employees of the tube system and the London district railway there was no resumption of service today.

London, Feb. 7.—The effect of the agreement which has ended the strike on the railways leading into London on demands which may be made by employees of omnibus and tram car lines, is not yet definitely settled.

In expectation that electric lights would be out of tonight there was a great sale of lamps and candles here during the day, but this evening it was announced that the electrical trades union strike had been postponed. It is expected that the call out the evening in London's sixty power houses at midnight Saturday.

While the outside electrical workers will strike tomorrow there is another strike in the city. The preliminary association—which is a sort of aristocracy among electrical workers. A secretary said today that the members would insure a reasonable supply of electricity.

The newspaper here estimates that five million hours of work is being lost daily, apart from the losses of shopkeepers, theaters, and railroads as a result of the strike.

While a majority of the newspapers are against the strikers, the Westminster Gazette, summarizes the men's case saying that "the government has picked industrial leaders for the war and must put it together again for peace."

## COCIVERA HELD FOR MARCH COURT TERM

Janesville is to be the scene of a murder trial at the March term of Circuit Court, when Carmilo Cocivera, accused of killing Thomas Cordia in Beloit, last Sunday evening, will be arraigned before Judge Grimm on the charge of murder. The preliminary hearing of Cocivera was held in Beloit municipal court all day yesterday and the prisoner was brought to Janesville last night and lodged in a cell at the county jail, held without bail.

At the hearing yesterday Cocivera entered a plea of self-defense through his attorney T. D. Wolfsey, and this plea will probably be made at the trial in March. District Attorney S. G. Dymally will prosecute the case.

Testimony of many Italians who were in the store in Beloit, at the time of the shooting was taken yesterday. Dan Tracy, a Beloit Italian detective, acted as interpreter.

## LEGISLATURE GIVES WOMEN VOTE RIGHTS

Madison, Feb. 7.—The lower house of the Wisconsin legislature by a vote of 50 to 30 passed a bill in favor of giving women the right to vote for presidential electors. By a vote of 45 to 43 it indefinitely postponed the Bartingale bill for the creation of an elective railroad commission. The senate received a bill from Bennett creating the office of prohibition commissioner to enforce prohibition.

Both houses passed a resolution commending William T. Purdy, deceased, author of "On Wisconsin."

## BREMEN INSURGENTS CONTINUE WARFARE

Berlin, Wednesday, Feb. 6.—Unconfirmed press dispatches from Bremen indicate that the insurgents there are continuing guerrilla warfare in the outskirts of the city and in the harbor, notwithstanding the government's claim that the fighting was quelled Tuesday. The casualties are estimated at 30 dead and over one hundred wounded, the insurgents being the heaviest losers.

## ENGLISH EXTENDED CREDIT FOR TRADE

Washington, Feb. 7.—Details of the cereal convention negotiated at Buenos Aires between Argentina and the European allies were discussed today by the state department. It was shown that Great Britain and France are to be loaned 80,000,000 pesos each and Italy 40,000,000 pesos for the purchase of Argentina's surplus grain. The conventions are to run for two years.

## SERG. CUNNINGHAM RAPIDLY RECOVERING

According to a letter received by H. J. Cunningham of this city, his son Sergeant Gerald Cunningham, who was severely injured by the explosion of a hand grenade at Camp Lee, Virginia several weeks ago is rapidly improving.

Sergeant Cunningham in the letter to his father states he has been able to discard crutches and is now able to walk without the aid of a cane.

It is thought that he will be discharged from the hospital sometime during the present month.

Bolshevik Artillery Shells U. S. Troops  
Archangel, Feb. 5.—The American positions on the river Varga where an infantry attack by the Bolsheviks on Tuesday was repulsed, were under heavy shell fire from the Bolshevik artillery today. The other sections on the northern front were quiet.

Profiteering Penalty Called Quietly Effort  
Paris, Thursday, Feb. 6.—During the debate on the bill introduced in the chamber of deputies today by Louis Nail, minister of justice, imposing severe penalties on profiteering middlemen, Senator Poincaré, socialist, said the measure had been introduced "simply in an effort to quiet popular recriminations."

# ALLIES COULD FIX NEW TERMS FOR GERMANY; MILITARY TRAINING UP TO NATIONS

Premiers to Meet Tactics of Obstruction in Weimar Therat; Compulsory Service Provision Cancelled.

Paris, Feb. 7.—The allied premiers, who will meet this afternoon at the supreme inter-allied war council, probably will fix new terms to be imposed upon Germany whose tactics of obstruction and recrimination are said to have reached a climax in a threat made at Weimar by Chancellor Ebert that Germany would break off negotiations with the allies.

It is understood that the council will fix a brief time within which the Germans must carry out the conditions they have only fulfilled in part. In this respect it is noted that none of the German merchant ships which were to have been sent to certain allied ports have yet been handed over.

French opinion considers that the occupation of Essen is of first necessity if the allies are to control Germany's principal war factories. Public opinion in France also is asking if the supreme war council will allow Marshal Von Hindenburg to establish himself in Bromberg and prepare a campaign against Poland which can only be supplied through Danzig.

The number of territorial conflicts now making their appearance in peace conference circles, it is said in some quarters, is attributable to the prospects of an early realization of a society of nations plan which will involve the examination of all such claims by a legal tribunal of the society for adjudication. It is thought that some of the powers whose claims to territories in conflict rest on ancient historical ties would prefer to commit the peace conference to their support in advance of the adoption of a society of nations plan.

Show Common Interest.  
The community of interest of some nations in certain questions has led to hints of co-operation among these nations to make up a majority in the conference. Gossip in the corridors even mentions threats of resistance to any decisions adverse to these interests. In some quarters the peace conference on the society of nations plan is not moved by these rumors.

At the same time the supreme council in short daily sessions continues its policy of patiently all claims and generally referring them to committees.

Secret treaties made under stress of war and which the German nation is at present bound to accept, are being examined by the principles on which a society of nations is being organized have provoked much comment. The American delegates at least have said that such agreements, insofar as they are in conflict with the principles of a society of nations, must give way.

Russian Problem to Fore.  
The Russian problem again will come to the fore today in connection with the acceptance by the Moscow Bolshevik government of the invitation to the conference to send plenipotentiaries. The action of the Moscow government has been hailed with satisfaction and relief in view of the promise it gives of an immediate termination of the peace negotiations. The little allied army in the Archangel sector.

Ebert Sounds Warning.  
Breslau, Feb. 7.—Chancellor Ebert, in his address to the German nation at Breslau yesterday said: "The conditions of the armistice have been of unheard of severity and were carried out without shame. We warn our adversaries not to push us too far."

"Like General Winterfeldt, who resigned from the armistice commission, the whole German government might also eventually be forced to renounce any collaboration with the peace conference and thereby upon our adversaries all the weight of responsibility for the new world organization."

Confident in the promises of President Wilson, Germany lay down her arms and now we await the peace of President Wilson to which we have a right."

## U. S. WELCOMES UNION OF SMALLER NATIONS

Paris, Feb. 7.—Secretary of State Lansing in a statement issued today, said that the government warmly welcomed the union of the Polish, Czechoslovak, Rumanian, Croatian and Slovenian peoples.

Secretary Lansing added that the final settlement of the territorial frontiers of the new states must be left to the peace conference in keeping with the desires of the peoples concerned.

## 25 FACTORIES MAR NEAR EAST RECORD

Eighty dollars was received from five different manufacturing concerns by the near east committee yesterday. This brings the total up to \$1,010. There is still a shortage of nearly \$300 from the per capita quota of 33 cents.

There are still 25 concerns which have not made a report to the committee. An effort will be made to round these up, so that Janesville may have a perfect campaign record.

\$5,000 Income Tax Blanks Sent to Collectors Today  
Washington, Feb. 7.—Several million tax return blanks for incomes of \$5,000 and less were dispatched to revenue collectors today by the internal revenue bureau. These will be released as soon as President Wilson signs the legislation which provides for income and excess profits return forms and blank forms for individual incomes of more than \$5,000 now are being printed and will be in hands of collectors before March 1.

Alderman Pautz Leaves for Milwaukee Meeting  
Alderman Emil Pautz left this morning for Milwaukee where he will attend a meeting of the Board of Directors of the Mutual Liability Insurance company. The meeting will be held this afternoon at the M. M. Building.

According to the notice received by Alderman Pautz relative to the meeting, it stated that the conference was being held for the purpose of perfecting plans for the nationalizing of the company.

## COUNCIL OF DEFENSE URGES ALL TO ATTEND ROOSEVELT MEMORIAL

Janesville will have its memorial for Roosevelt. Several of the churches have already planned special services either in the morning or the evening and the others are expected to complete plans tomorrow.

It was hoped to have a community service in the afternoon, but no suitable quarters could be secured by the committee in charge, so the memorial will be handled through the various churches.

A communication urging all to attend one of these services was issued by the Rock county council of defense this afternoon.

## HAYES DAMAGE SUIT DISMISSED BY COURT

Frank D. Hayes, defendant in the suit for damages brought about last fall by Mr. and Mrs. Fred Colles of Sauk county, has made satisfactory settlement out of court and the case will be dismissed. Stipulations for the dismissal were filed this morning with Circuit Court Clerk Jesse Earle by the attorneys for the plaintiffs, Grophorn, Thomas, Rieser and Quale, of Baraboo.

The automobile accident in which it was alleged Mr. Hayes crashed into the Colles car happened Sunday afternoon, August 23, 1918, near the Kellogg nursery just south of the city on the Beloit road. Mr. and Mrs. Colles were returning from Camp Grant and Mr. Hayes was driving south. The two cars collided, Mrs. Colles being thrown to the ground, sustaining severe injuries. She was taken to the hospital and later removed to her home.

Summons and complaints were filed by the plaintiffs September 17, 1918, asking for heavy damages. On October 5 notice of trial at the October term of circuit court was filed, but on November 13 by the agreement of both parties the case was continued.

## LEADERS' GYM CLUB ORGANIZED AT "Y"

Organization of a leaders' club composed of representatives of "Y" gym classes was perfected at a meeting of the boys at the Y. M. C. A. last evening. Leo Powers was elected president; Thomas Nuzum, vice president; and Robert Grubb, secretary-treasurer. George Sprackling, M. J. Ray, and Leon Griffey were chosen as the committee on membership.

A constitution and by-laws were adopted and it was decided to hold meetings of the club every Thursday. A supper will be served monthly. Uniforms will be furnished by the association to the gym class leaders.

Physical Director W. P. Craig stated this morning. They will be white gym shirts and blue trousers, with white stripes on the sides. Military insignia will be used to denote the rank of each man.

The members of the club are: Thomas Nuzum, George Sprackling, Leo Powers, Chad Newman, Robert Grubb, M. J. Ray, Leon Griffey, Kenneth Spoon, Fred Graesslin and Walter Graf.

## OBITUARY

**Joseph P. Kenyon.**

Joseph P. Kenyon of Edgerton passed away at Mercy hospital Wednesday night. The body was removed to Ryan's undertaking rooms and later shipped to Abilene where interment was made this afternoon.

## BIGGEST HOTEL IN THE WORLD IS OPENED

The Pennsylvania hotel in New York.

The largest hotel in the world, the Pennsylvania, located in New York on Seventh avenue opposite the Pennsylvania terminal, was opened recently. The hotel has twenty-seven floor levels, including the sub-basements. Twenty-four are above street level, including the mezzanine floors, of which there are really three. There are 2,300 rooms, each with a private bath and running ice water. The main dining room, a tea room, men's cafe and buffet are on the Seventh avenue level, while the grill and luncheon are on the floor below and a roof garden on the top floor. Twenty-five hundred guests were entertained the opening night.

## C. E. SMITH TO TEACH HIGH SCHOOL SCIENCES

C. Everett Smith, recently discharged from the army, was secured by Supt. H. H. Faust this morning to teach chemistry and the second sciences in the local high school.

Mr. Smith up to a few weeks ago was an ordnance inspector of the large chemical factories in the eastern states. He has had six years of teaching and has done graduate work in the chemistry department of the University of Wisconsin. He is a very able chemist and will take over several of the chemistry classes leaving J. Arbuthnot more time to the physics classes.

Mr. Smith closed the contract with Superintendent Faust this morning. His application will be acted on by the school board at their next meeting, so that Mr. Smith will start work at the high school, Monday.

## Foster Shoe Company Leases Larger Quarters

Several years ago A. D. Foster started a cobbler's shop in the rear of his home in the second ward. For the past years rolled by the business became larger and Mr. Foster was forced to seek more commodious quarters.

He then moved his shop to the store in the rear of the Sherer Drug store on South Franklin street. Here Mr. Foster for many years saved the soles of the people of Janesville and after a few years he was again forced to look for a larger building.

In 1915 Mr. Foster moved to the building at 215 West Milwaukee street, where he has established an up-to-date shoe repair shop. For the past three years Mr. Foster has been located on the main thoroughfare of the city and each day for the past year has been more thoroughly convinced that he would again have to seek for a larger building.

This afternoon Mr. Foster announced that he had leased the store formerly occupied by the Hinterschied firm a few doors west of his present location. Mr. Foster has already completed plans for remodeling the building and the contractor started work at the place this morning.

Mr. Foster will open a shoe store as well as a repair shop in his new location.

In discussing the new quarters this afternoon, Mr. Foster stated that at the present time he is working under handicap as he is in need of more help and can secure the labor, but has no room for the men.

## CONGRESSMAN GETS TREASURY POSITION

Jovett Shouse.

## EMPLOYED BOYS TO START ORGANIZATION

A committee of five employed boys, chosen yesterday by Robert Cunningham and A. S. Phelps, are busy formulating plans for the organization of a club for working boys. The club will be discussed at a meeting in the Y. M. C. A., and the most satisfactory formation adopted.

The need for existence of such an organization was discussed at a boys' banquet Wednesday night, at which W. H. Wones, state Y. M. C. A. secretary, talked. The meeting next Wednesday will be preceded by a similar dinner.

Those on the employed boys' committee are George Raubacher, Daniel McChesey, Leon Griffey, Harry Kelly, and Fred Graesslin. Robert Cunningham will have direct charge of the organization.

## Creamery Employee is Injured in Accident

Ray Chamberlain sustained severe injuries about his arms and ribs when he was caught in a driving shaft at the John O. Hecher & Son manufacturing company, 220 Eastern avenue, yesterday. He was taken to his home where his injuries were dressed.

## BELOITER FINED BY JUDGE MAXFIELD

John Ryan, the first Beloitier, to appear before Judge Maxfield in the municipal court in several days, was fined \$3 and costs this morning when he entered a plea of guilty to the charge of intoxication.

## Canadian Soldier Visits Here; Saw Long Service

Leslie Allen, St. Paul, has just received his discharge from the Canadian army and is spending a few days as the guest of H. M. Weaver, East Milwaukee street. He has seen several years of active service overseas. Before joining the Canadian army in 1915 he was a member of the English army stationed at Gallipoli, Alexandria, and Malta.

After receiving his discharge from the English army he returned to Boston, later going to Canada, where he enlisted in the Canadian army. He was sent overseas and saw service in the big battles at Ypres and Passchendaele.

For the purpose of organizing a local lodge of the International Association of Machinists, a meeting of machinists, apprentices and helpers will be held at Carpenter's hall, 12 South Main street, at eight o'clock this evening. Paul Huxbrecht, field representative of the association, will speak and discuss plans for the organization.

## LOOKING AROUND

The United States Employment office is "looking around" for a new place today. Fred J. Schmitt told the reporter when he asked for news this morning.

"Now, this ain't the first mustache I ever had," said Lee W. Parkin, assistant secretary of the Chamber of Commerce. When pressed for further details, he said he had nothing else for publication.

Janesville is always anxious to pay tribute to a celebrity but missed its chance last evening when it didn't recognize Jimmy Breton, former shortstop for the Chicago White Sox. Jimmy was an interested spectator at the game last evening.

Ever since the policemen gave their annual dancing party last Tuesday night the people have been asking why there are not more of these dances. The dance last Tuesday evening was a democratic affair and the people are anxious for more of this kind.

It's a little comedy entitled "The Barber's Most Embarrassing Moment". Scene laid in Wallie Watts' barber shop. One act.

Barber: "I understand you've got that Italian that did the shooting in Beloit down at the jail."

Sheriff Beley: "No. He's not down there now."

Barber: "I thought you had him there. Where is he?"

Beley: "You're cutting his hair."

R. E. Acheson, acting county agent, says he came down from Evansville in his flivver in 15 minutes yesterday. "Some speed!" remarked County Clerk Lee, who doesn't know whether or not to believe him.

"What do you want today?" one of the department heads of the Samson Tractor company asked of the young fellow who came into his office looking for a job, the second time in two days.

"Same thing as yesterday," said the hungry-mouthed one.

"Well, I can give you the same thing," answered the boss, and he pointed toward the door.

### THE COAST STRIKE

The first step in a Bolshevik move-  
ment in this country appears to have  
been taken on the Pacific coast where  
45,000 workmen have gone on strike.  
It is reasonable to believe that Bolsh-  
evists are back of the move because  
members of that organization have  
been stirring up trouble. Other in-  
dustrial centers have been the scenes  
of similar preparation and are no  
doubt ready to follow the lead of the  
agitators if immediate steps are not  
taken to check the uprising.

The United States has been warned  
of what might be expected if the un-  
rest and dissatisfaction were allowed  
to go unnoted.

In Seattle the unions have decided  
to close all but 15 restaurants, and  
these will be used as soup houses.  
There will be no traffic over private  
owned transportation lines. The  
newspapers will suspend publication  
for the period of the strike. Schools  
will be permitted to continue and  
wire service will not be interrupted.

All the men are not striking for  
higher wages. Many are out as sym-  
pathizers.

The strikers are taking the wrong  
course, perhaps against their bet-  
ter judgment. It is reasonable to assume  
that the Bolshevik agitators have  
gotten in their line work and made  
tools of the workmen.

If the workers will stop to look over  
the situation as it exists today, they  
can picture two million men who  
have fought for them in Europe,  
coming back to seek work. Men who  
have not been paid a day to work  
short hours under good conditions,  
but men who have been paid \$30 a  
month (when they got paid) and went  
through Hell. Do these well-fed  
strikers who have become slackers  
believe these fighting men are going  
to sympathize with them? These men  
who fought the greatest war in his-  
tory so that we might live in peace  
and comfort are not going to stand  
by a bunch of agitators who encour-  
age the workers to lay down their  
tools when the nation needs every  
man to help bring it from the chaos  
which the war has brought about.

There is an undercurrent of unrest  
in the country. It is natural. We are  
not working on an organized basis.  
The feed is not so much for the pres-  
ent condition as it is for what is to  
happen. We are not getting much  
distinction out of the peace congress  
for European countries are making  
secret treaties; we have an army in  
Russia, which should not be there;  
the German problem looms big. Eng-  
land has placed an embargo on im-  
ports and is ready to grab up trade  
while we follow the primrose paths  
of idealism.

But with these conditions existing  
we must not let go. We must settle  
the strike on the coast without blood-  
shed. We must destroy the hydra-  
headed monster, Bolshevism, before it  
wins in its attempt to fan the flames  
of dissatisfaction into fire.

### UNJUST CRITICISM

An Edgerton paper as well as an  
old personal friend of this paper have  
arisen in wrath because the Gazette  
published an interview with tobacco  
buyers in which it was stated that be-  
cause tobacco, unloaded by Brazilian  
dealers would have a tendency to  
lower the price in this country.

Perhaps the Gazette does not de-  
serve credit for giving the tobacco  
grower information which may be of  
value to him, inasmuch as he is in a  
sort of controversy with the buyers.  
But we thought it was a piece of en-  
terprise to be able to present both  
sides of a question which appears to  
be of such vital importance.

The article published was purely a  
news article and did not in any way  
indicate that the Gazette was at-  
tempting to further the interests of  
the buyer. It has published, since,  
accounts of farmers' meetings at  
which plans were laid to circumvent  
the buyers and to pool the interests  
of the tobacco growers.

The intimation made by the Edg-  
erton editor that the appearance of  
the article was for psychological effect  
and was tilted from the dealers' point  
of view to scare the farmers into selling  
tobacco at less than cost is uncalled  
for and is not based upon sound rea-  
soning.

The interviews were given at the  
request of a reporter for the Gazette  
and not at the suggestion of the buy-  
ers, as is hinted at in the Edgerton  
paper.

The Gazette carries at the top of  
this column a pledge which it is at-  
tempting to fulfill. Its first duty is  
to publish news which may be valu-  
able to its readers. The motive was  
purely unselfish and the only reason  
that an explanation is made at this  
time is because it is the desire to im-  
press upon the readers of this paper  
that it is function of the Gazette to  
give service.

If we were able to throw light upon  
a situation whether real or imaginary,  
which would give the tobacco grow-  
ers a new view of a situation which  
is said to exist, we feel that we are  
doing our duty to them.

The Gazette has no desire to further  
anything that would be a detriment  
to the farmer, or to the business man,  
or anyone else. The farmer is entitled  
to a fair price for his products and  
the Gazette has yet to object to the  
prices he has obtained during his  
period of prosperity.

The state assembly killed a senate  
resolution providing for steps to ob-  
tain work for discharged soldiers on  
the plea that the government agencies  
were handling the problem. Wiscon-  
sin as a state should not lose an op-  
portunity to continue her fine war  
record until after every man who has  
fought has been safely brought back  
to a good job. The state owes that  
much to her fighting men regardless  
of what the federal agencies do.

An appeal for aid from the mer-  
chants to put over the organization of  
a housing corporation has been made  
by the men who are spending their  
time in soliciting stock subscriptions.  
The merchants will benefit by in-  
creased population and should step  
right up to the counter and observe  
the cash and carry edict.

It looks very much as though every  
man, woman and child in the United  
States will have to bear the burden  
of taxation. That is the spirit of  
democracy. It would be ideal if the  
big fellow and the little fellow could  
meet on a level in this great Amer-  
ican duty.

"Father and Son Week" will be ob-  
served in Janesville, beginning Mon-  
day. Every father and son should  
make an effort to become chums if  
they are not already, not only for that  
week, but the remainder of their  
lives.

### THEIR OPINIONS

**Reciprocity.**  
In 1917 the government organized  
twelve farm loan banks to finance the  
farmers. Now the farmers are finan-  
cing the government.—Antigo Journal.

**Gratification.**  
There is some gratification to cities  
that achieved prohibition to know that  
all other cities are having it thrust on  
them.—Milwaukee Sentinel.

**Less Night Work.**  
When the saloons close, it is sus-  
pected that many men will not find  
it so necessary to go down to their  
offices and work in the evening.—Mar-  
quette Eagle-Star.

**Kind Service.**  
A war widow, writing to thank a  
congressman for aiding her to collect  
her \$10,000 insurance, asks him as a  
further favor to assist her in finding a  
new husband. Which to some irrever-  
ent minds, will suggest a real use for  
a congressman.—Appleton Crescent.

**No "Comps."**  
Evidently the members of the leg-  
islature want to have one real social  
event a year at Madison. It should  
be stipulated that no complimentary  
tickets be issued to any of the legis-  
lators for the prom this year. If the  
students are invited let the men who  
belong to the legislature pay the bill.  
—Kenosha News.

**Should Set Example.**  
A bill providing for an 8 hour work  
day has been introduced in the as-  
sembly by Marcus Johnson, the assem-  
blyman from the Madison district,  
which is along the line of fundamental  
economic legislation. The state itself  
is the example by having all its  
own work done on an 8 hour basis.  
But the 8 hour day should become, as  
it will, the standard working day not  
alone in Wisconsin but throughout the  
nation.—Madison Journal.

### Just Folks

By EDGAR A. GUEST.

### WHAT MATTERS.

It matters little after all  
Whether stocks shall rise or fall,  
Whether joy may strengthen rewards,  
Whether anyone applauds  
Any little feat of skill;  
All that matters, all that will,  
Is that I may gayly tell  
That the ones I love are well.

Fame can vanish over night;  
Wrong can swiftly follow right,  
Loss can take the place of gain,  
Sunshine turn to chilling rain,  
Fate may rob me of my wealth,  
But if those I love have health  
I've no right to frown or sigh—  
Fortunate indeed am I!

He that stands beside a cot  
Cooling fevered hands and hot,  
Fighting blindly, hour by hour,  
Illness, with its hidden power,  
Headless is of worldly fame,  
And his life is a mortal claim;  
He forsakes life's battles then  
Till his babe is well again.

Fortune then his name might call,  
But he'd answer not at all  
Dead to glory he would stay  
By that little cot to pray—  
Watching, waiting, not for gold,  
Not to hear his praises told,  
But for one faint sign to tell  
That his babe would soon be well.

Sum up life and all its care,  
Count the burdens mortals bear,  
Sift the losses and the gains,  
And but one real word remains:  
'Tis to live those days of fear  
When the hand of death seems near.  
Then all else a man would sell  
Just to have his loved one well.

### ON THE SPUR of the MOMENT

—ROY K. MOULTON—

**THE LAST LUSH.**  
(With the usual to O. W. Holmes.)  
I saw him once before  
As he passed by the door  
And again  
The pavement stones resound  
As he loiters o'er the ground  
With his cane.

They say he had a thirst  
Until old July the first  
Cut him down.  
Not a greater tank was found  
By the copper on his round  
Through the town.

But now he walks the streets,  
And he looks at all he meets  
Sad and wan.  
All the gin mills, they are dead,  
And it seems as though he said:  
"They are gone."

And the place that he once knew,  
Where he quaffed his amber brew,  
Is a store,  
Where they sell no rock and rye  
And the barkeep's gladsome cry  
Is no more.

The last lush on the tree  
Who had his final spree  
Poor old tank,  
He is lonesome, that we know,  
But he's got a lot of dough  
In the bank.

We still believe that old-father-of-a-  
family here at home is entitled to  
a seat at the peace table in Ver-  
sailles.

One of the newspapers says that  
blood is thicker than propaganda. But  
it took us quite a while to find it out.

The "Craic Leader" says that just  
now the world is made up of two  
kinds of people—heroes and zeroes.

## OBITUARY

**Mrs. Mary McCarthy**  
Mrs. Mary McCarthy, an old and respected resident of this city, passed peacefully away on Thursday morning, at the home of her daughter, Mrs. A. J. Corbett, at 4221 Wilcox street, Chicago.

The deceased had made her home in Janesville for the past 55 years, and was loved by all who knew her. Of a kindly disposition, she was ever ready to lend a helping hand in the hour of need. She will be sadly missed in her own home and by a large circle of friends.

She is survived by one daughter, Mrs. Corbett of Chicago and a son, Maurice J. McCarthy of this city, and one brother, John Welch also of this city.

The body will arrive in Janesville at 6:30 p. m. on Saturday and will be taken to the home of her son, Maurice at 16 North Terrace street. Funeral services will be held from St. Patrick's church at 9 o'clock Monday morning. Interment will be at Mt. Olivet cemetery.

**Mrs. P. K. Caldwell**  
Funeral services for the late Mrs. Caldwell will be held at her home, 544 S. Main street, at 1:30 Saturday afternoon, Rev. J. A. Melrose officiating. Interment will be made in Oak Hill cemetery.

**Mrs. Wilhelmina Granyow**  
Funeral services for the late Mrs. Wilhelmina Granyow will be held Sunday afternoon at 1:30 from the home of her daughter and at 2:30 from St. Paul's Lutheran church. Rev. E. A. J. Treu will officiate and interment will be made at Oak Hill cemetery.

**Taking No Chances.**  
An observer of the vagaries of the golf ball says, the little white sphere is as "unpredictable and elusive as a woman, you never know what it is going to do." A wise man will save his reputation as a prophet by not trying to guess.—Exchange.

## In Damp Weather.

Piano keys are wont to stick in damp weather, especially when the instrument is an old one. In almost every case, the sticking will not be between the keys, but along the front. This can be remedied with little trouble. Take a thin knife and work a little corn starch between the keys and the front board and they will slip easily.

## A Quart a Day

For Every Child and Grown Folks, Too

MILK IS NOURISHING

Milk contains all the ingredients for nourishment in just the right proportion of a well-balanced ration. It builds up the body, keeps it in repair, warm, furnishes it with energy; contains all the required elements for growth and maintenance. Milk is an essential article of food. It gratifies the palate, satisfies thirst and hunger and produces no untoward effects.

One quart of milk is equal in food value to any one of the following:

8 eggs;  
3 lbs. fresh codfish;  
2 lbs. of salt codfish;  
1/2 lb. of lean round beef;  
4-5 lb. of pork chops.

**PROF. ROSENAU.**  
Harvard University.

MILK IS CHEAP

Taking into consideration the many important factors which increase the value of milk as food, and also the fact that it requires no preparation and has no waste, it is believed to be true economy to make liberal use of milk in the diet so long as the milk does not cost more than twice as much in proportion to the energy it furnishes to the average of the food eaten.

Those who are able to spend 80 to 50 cents per person per day for food are practicing true economy when they buy and use liberally the best milk obtainable, even at a price of 20 to 25 cents per quart.

**PROF. SHERMAN.**  
Columbia University.

Be sure to give your children plenty of good milk. They need it more than any other food. To be sparing with milk is not only false economy, but may have serious consequences in the development and growth of the bodies and minds of your children.

## POLICE WORKING ON ROESLING ROBBERY

All efforts of the police department to find any clues which would help them in their search for the thieves who entered the Roesling grocery store Tuesday evening have failed. According to the best information available it is believed to be the work of a gang of youngsters well acquainted with the neighborhood.

Chief William Gower has been working on the case for the past two days and announced this afternoon that he was unable to find any clues which would assist him in landing the thieves.

J. W. Hayes was a Chicago visitor, Wednesday.

Rev. E. M. Oliver, a former pastor of the M. E. church here, but now of Stoughton, has accepted a call to go as missionary to the canal zone, and with his family will sail from New

## SHRINE PROPOSED TO HONOR HEROES

Memorial suggested to honor war heroes.

Shrines like the above are proposed for every city in the nation as war memorials to honor the dead heroes. Movements are already on foot for their erection in the great communities of the east. A tall, white campanile is built above a special bronze book on which is emblazoned the names and records of all the soldiers and sailors who gave their lives for their country. A clock, chimes and a pipe organ are included and above all on the very pinnacle stands Democracy triumphant over the world.

York about March 1. He will be pastor of the Sea Wall church in Panama and of the church at Pedro Miguel, where they will reside.

Mrs. Will Harris, Chicago, was called here by the serious illness of her sister, Miss Anna Kinn, who is suffering with influenza, is very low.

The Gazette is for sale in Sharon by Jon Bubb. Deliveries will be made to your home if desired. Phone him at the depot.

## GRIFFITH PICTURE HAS STRONG APPEAL

World Famous Master Picture "The Hearts of the World." Now Showing at Myers Theatre, Plays on the Heart Strings.

All the consummate art of David W. Griffith has gone into the production of the picture "The Hearts of the World." No such picture has ever before been shown in this city. It is an old fashioned story, the story of a village, a peaceful village until the heel of the invading German armies leaves its mark on the buildings of the village and the hearts of the remaining villagers who were unable to flee before the German occupation.

Telling too much here would be giving away the wonderful charm contained in this picture which makes it one of universal sympathy and appeal. Suffice it to say that both the Gish girls, Lillian and Dorothy, together with Robert Harron, who played a leading part in "The Birth of a Nation," play the leading roles of The Girl, The Little Disturber and The Boy. It is well worth the time to attend this beautiful picture. The production, too, is very good. The musical score by an orchestra of several symphony artists under the direction of S. Brown, is a perfect accompaniment and adds much indeed to the enjoyment of the story.

## Voice of the People

Editor of Gazette: I saw the article on tobacco in Saturday's Gazette. I was incensed, as I believe every other farmer will be when he reads it. What right has Mr. Russell or Mr. Green or any other dealer to say that the farmer cannot sell his tobacco? There are reputable buyers from Edgerton quietly buying up the tobacco for 25 cents. They are minding their own business. They are not giving us a lot of bunk about Brazil grabbing the market away from us. If Mr. Russell or Mr. Green do not want to buy any of the tobacco, that is their own business, but what right have they to come out in a widely read paper, like the Janesville Gazette, and tell farmers that they have a commodity that cannot sell. A product that has taken a whole year to produce, and many of them have nothing else to depend upon.

What is this but restraint of trade, attempted profiteering and propaganda? It was not the farmers who are to blame for the inflated prices of last summer. They were quietly minding their own business, trying to produce a good crop of tobacco and put it in shape to be inspected and sold. It was not their fault that a lot of buyers flew around the country offering to buy tobacco when the crop was still being cultivated. The great majority of the farmers had no buyers, had set no prices and were acting in perfect good faith, with little thought except to do their work well, and when the proper time came put their product on the market and sell it for a decent price commensurate with the cost of living and hired help, and now to be told, at this stage of the game, that the crop is worthless, that they cannot sell it, is rather more than human nature and patience can stand. If a farmer were to come out in the public press and accuse the buyers of the market of Janesville and attempt to present certain market conditions, which would in his opinion, render these wares worthless or unsaleable, he would be immediately indicted or consigned to a sanitarium. But the farmer is supposed to take it all "grin and bear it," and do the work!

A. K. WALLIN.

The Gazette published the statements of the tobacco buyers to give to the reading public the buyers' opinions regarding the market. The Gazette did not consult in their views in intimate that they were taking the proper course in refusing to buy tobacco. The Gazette has recently published accounts of farmers' meetings at which it was determined that tobacco growers should not take any action and act independent of the buyers. These accounts were published with a similar view to give the public the information of the situation. The Gazette still maintains the privilege of chronicling the news of the community.—Editor.

## Never Heard of Bible.

A boy of ten, called as a witness at Marlboro on behalf of the education department of the London county council and described as very intelligent for his age told the magistrate he had never heard of the Bible and did not know what it was. He also said he had never been to church or Sunday school. "You cannot do anything with this boy," said the magistrate. "He does not seem to know the nature of an oath."

## FORTY YEARS AGO

The Janesville Daily Gazette, Feb. 7, 1879.—At 12 o'clock this morning in the residence of William Blanchard, in the town of Rock, was burned to the ground, together with most of the contents, Mr. and Mrs. Blanchard and their family. The fire was caused by a candle which had been left burning in a room. The fire spread rapidly and the house was consumed in a few minutes. The family escaped with only their clothes. The loss was estimated at \$200. There is some insurance on the place. The fire is supposed to have started from a kerosene lamp which was hanging on the wall.

Col. Burr Robbins and wife started this morning for an eastern trip. They will be absent several weeks.

Rev. H. H. Simmons of Kenosha is spending a few days in the city, the guest of Rev. J. L. Jones.

Milwaukee.—Today the people of the archdiocese of Milwaukee and the Catholics of the northwest paid a just tribute to the worth of Archbishop Hann, the occasion being the fifth anniversary of his consecration to the priesthood. The cathedral was elaborately decorated with flowers and evergreens and the services were of a very imposing character. The venerable Archbishop Purcell, who ordained Archbishop Hann to the high and holy office of bishop 34 years ago, was present and preached the jubilee sermon. A wonderful banquet was served and many presents of the most costly order were presented the archbishop. A parade was given in his honor, in which thousands marched.

"The Gold Cure," starring winsome Viola Dana, is a comedy-drama which gives this delightful star full scope for her whimsical and natural humor. Annice, the role played by Miss Dana, is a young lady of decided and original opinions and methods. Living in a town where all the young men have left does not in the least appeal to her and she sets out in her own sweet and delightful manner to model things "nearer to the heart's desire." How she does this is amusing and entertaining in the extreme and will touch the humorous as well as the romantic side of all who are in sympathy with love and youth. In this role Miss Dana is seen at her charming best—a ray of sunshine to brighten the day.

## MADISON OLYMPICS DOWN CARDINALS IN SENSATIONAL BATTLE

Short Passes of Capital City Bunch Downfall of Local Aggregation—Hemming Stars for

Showing unusual speed and using the variety short passing game with great success, the Madison Olympics downed the Lakota Cardinals 47 to 40 at the armory last night in a sensational basketball battle. The great comeback of the Cards in the second half was the big feature of the game. After trailing along with a low score throughout the first half the Lakota gang romped around the floor in the second period and threw a big scare into the hearts of the Capital City bunch.

It was an intense and roughly played game. Several squabbles about the Madison umpire's decisions added to the excitement of the fray and brought out much spirited yelling from the fans. Madison was represented by several enthusiastic rooters who pulled hard for an Olympic victory. The cheering in the last half seemed to put pep into the game for both teams played sensational basketball in this period.

The first half ended 29 to 10 with the Cards on the short end of the count. The Olympic tossers opened the game with a burst of speed that took the Cards off their shaky feet. Dazed by the fast short passes of the Madisonians the Cards played a ragged game in this period. Their defense was poor while the Olympics' defense was impenetrable. Hemming counted the first basket of the game dropping in a short one. Madison then broke loose scoring goal after goal in rapid succession. Brumm seemed to have the jump on Hemmuth, the local center with the result that the Olympics worked signals with much success. The Cards came back in the second half with blood in their eyes. By a series of short baskets they ran the

score up to 29 while the Olympics had scored up 36 points. Here the Madison bunch took a brace and made the Cards fight for everything they got. Schneider's basket at this stage of the game was followed by Delmore, Casserly and Hemming. Hemmuth reported "present" with a couple of fingers and Casserly dribbled through for a short one, bringing the score up to 44 to 38. Much discussion arose here when Hemming had shot a basket after the umpire had called Murphy for a technical foul. It was decided after a hot argument not to count the throw. Casserly sent the ball through the hoop for 2 points and Hemming racked up a goal for the Cards, ending the game 47 to 40.

Hemming, Delmore and Murphy showed up strong for the local bunch in the second half. Big Six Hemming threw her into high speed and cut loose for a victory. He mixed in every play and counted six times in this half besides playing a great floor game. Murphy played his best game of the year. He held "Peewee" Benway, Madison's star forward down to three baskets.

Madison's guards, Schneider and Casserly shone in the stellar light as did Benway and Tenney at the forward positions. Brumm at center held Hemmuth even, surprising his cohorts with his unusual ability. The big Camp Grant boy blamed the slippery floor for his failure to figure in the scoring column more than twice. He played a hard game but failed to count the ringers. Phillips and Cushing watched the game from the sidelines.

## LOCAL EAGLES' TEAMS LOSE TO MADISONIANS

Madison Eagles' first bowling five triumphed over the local Eagles quintet by a margin of 12 pins in an exciting contest bowled at the West Side alleys last night. High scores featured the game. Robbing of the local aggregation knocked 246 bottles down cellar while McCarthy came next with a score of 233. Several other stars hit the two hundred mark.

The second teams of the same lodges met in another match game, the Madison bunch winning by a margin of 437 pins. The local five showed poor form and rolled inconsistently. Anderson of Madison hit the woodenware for a total count of 213 for high score.

## ALL-STARS DEFEAT RED DEVILS, 10-8

In a slow and uninteresting game played as a preliminary to the Cardinal-Olympic game, at the armory last night, the "Y" All Stars defeated the Red Devils 10 to 8. Owing to the slippery floor the game was slow and due to their men together it was necessary to shorten the periods.

Hager performed well for the Stars, getting 8 of his teams 10 points. Graf caged the other one. Raubacher played the stellar game for the Devils dropping in two baskets while Barriago and Connell scored one each.

The lineup: Stars, Babcock 1f, Pullman r, Hager c, Graf rg, Marko lg, Red Devils: Connell lf, Raubacher r, Newman, Crowley c, Pierce, Newman, rg, Barriago lg.

The All-Stars are scheduled to play the Beloit Greyhounds at the Beloit high school Monday night. The game with the Beloit Winnabagoes for Saturday night is not certain as yet.

## PREVENTIVE HEALTH MEASURES REPLACE PLAN FOR INSURANCE

SPECIAL LEGISLATIVE COMMITTEE DOES NOT FAVOR COMPULSORY MONEY-PROTECTION PROGRAM.

### URGE SCHOOL DOCTOR

Recommends Development of 'State Boards, Hospitals, Nurses, As More Economic System.

Madison, Feb. 7.—Compulsory health insurance legislation is not favored by the special legislative committee appointed by the last session of the legislature to investigate the problem in Wisconsin. The majority of the committee will file a report next week against the plan. It recommends preventive health measures which it declares will accomplish more by an expenditure of \$1,000,000 than \$20,000,000 would under a strictly health insurance law.

The committee was composed of Senators W. W. Albers, Wausau; Theodore Benfer, Sheboygan; Assemblyman John Donnelly, Milwaukee; W. A. Smith, Neillsville; and Henry Ohl, Jr., Milwaukee. All members with the exception of Ohl join in the majority report.

The majority report gives the position of labor, employers, physicians, Christian Scientists, insurance companies, and fraternal societies. The bills before the committee apportioned the cost as follows: Forty per cent to the employer; 40 per cent to the employee; and 20 per cent to the state. It estimates that the cost to the state of Wisconsin would amount to \$20,000,000, or more than the cost of operating the present state government. Compulsory insurance would cover about 400,000 Wisconsin citizens.

**Preventive Measures.**  
"Hence it would seem wise to hold that the expenditure of \$1,000,000 for preventive measures would serve the cause of public health in the state more effectively than the expenditure of twenty times that sum in a health insurance system," says the majority report.

Following are the recommendations of a majority of the committee:  
"We urge the legislature the necessity for more liberal appropriations for the support of the state board of health and the encouragement of correspondingly liberal appropriations on the part of the local boards of health, including the appointment of a paid county health officer in every county of the state. We also deem it advisable to direct special attention to the state health laboratories."

**Physical Examinations.**  
"We recommend the universal introduction of physical and medical examinations into all the public schools and other state educational institutions in Wisconsin. We have arrived at the opinion that a re-organized state health service must rest primarily upon adequate methods of child and school hygiene including the periodical physical and medical examination of all children during the period of school life."

"As a means of securing more adequate care, especially during prolonged illness, we are of the opinion that the legislature should give encouragement to the establishment of district nursing centers of various types best adapted to local requirements."

"The reduction of infant mortality should be made a part of the public health program and we recommend that a bureau of child welfare be established."

"The legislature also should give liberal encouragement to the development of financial community support of hospitals and sanatoria. We feel that every county should have not less than one thoroughly equipped 'sanatorium' for the treatment of tuberculosis."

**Housing Plan Recommended.**  
"While our investigations have not disclosed very serious deficiencies in the housing of our wage-earners, we are of the opinion, nevertheless, that the legislature should provide for the adoption of a comprehensive housing plan adapted to the future needs."

"We are of the opinion that occupational diseases should be included in the workmen's compensation act and recommend that proper legislation to this end be enacted."

"Finally, we would recommend that the state insurance department concern itself more actively with the supervision and control of voluntary insurance undertakings having for their object the permanent relief or medical attendance, or both, of wage-earners during more or less prolonged periods of illness."

The usual attractive and daring costumes are increasing daily. The bathing suit worn by Mrs. A. L. Riker of Philadelphia, one of the early arrivals, indicates that many of the fair sex will turn from the elaborate stunning models to the simpler, slinky suits that allow more freedom.

## "OFFSETS" TO INCOME TAX LAWS TO BRING HOT FIGHT IN STATE

Madison, Feb. 7.—By a vote of four to three the assembly committee on taxation Thursday evening recommended for death the C. E. Hanson and the 'Coe' bills, which seek to wipe out the personal property 'offset' under the income tax law. The close vote on the measure indicates a hot fight over the bill which will appear on the calendar about next Wednesday. The bills have been the subject of two days' arguments before the committee, many Milwaukee and state manufacturers appearing in opposition to the measures. By wiping out the personal property offset, the amount of additional taxes which would be collected would approximate over \$3,500,000.

The C. E. Hanson bill provides for a straight personal property offset as applied to the income tax law being wiped out. The 'Coe' bill is the measure recommended by the state tax commission. It classifies the occupational taxes of grain and coal as personal property and provides that the United States income tax may be deducted in computing the state income tax.

## FATHER AND SON WEEK PLAN OF COMMITTEE

Committees in charge of the "Father and Son Week" program in Janesville will meet this afternoon with A. S. Phelps, boys' director of the Y. M. C. A., to make definite plans. The committee expects that the observance of the week will be city-wide. "Because some of the greatest problems of life present themselves to the boy in his teens, the Y. M. C. A. is anxious to bring the father and son closer to each other," said Mr. Phelps today. "Father and Son week is not for the little tot; it is for the boy who is approaching manhood—the boy from 10 or 12 years of age on."

"The guidance or advice of a father has often saved a boy from trouble. Only by securing the confidence of his son can a man expect to be of assistance."

Gov. B. L. Philipp issued a proclamation on Jan. 23 designating Feb. 11-17 as Father and Son week in this state.

A program covering five days of activities is planned by the local committee. A big banquet at the Y. M. C. A. and probably at one of the churches as well, if larger accommodations are needed, will be one of the features.

The postponed Methodist-Episcopal bowling match will be rolled on the "Y" alleys tonight. All hope points to victory for the Methodists but the Episcopal bunch may upset predictions.

## MAY BE NAMED TO DIPLOMATIC POSTS

Senator Saulsbury, above, and J. Ham Lewis.

Among several appointments to important positions which await the return of President Wilson to the United States are those of Ambassador to Italy and ambassador to Russia. Senator Saulsbury of Delaware is mentioned as a possibility for the Italy appointment. J. Ham Lewis of Illinois may be given the Russian post.

## Edgerton News

Edgerton Feb. 7.—The regular monthly meeting of the board of directors of the Edgerton Chamber of Commerce was held last evening at the offices. W. G. Holden of the Redpath Chautauque company, appeared before the directors and presented a plan to have his company hold their chautauque in the city the coming season. The matter was referred to a committee consisting of C. L. Atkins, E. N. Grubb and T. A. Clarke to act with the Federation of Women's clubs. It was decided to hold a banquet for the members of the Chamber of Commerce Thursday, Feb. 13. Details will be published later.

The third installment of the feature picture, "A Son of Democracy," will be shown at the Lyric theatre Sunday evening. This installment will consist of six reels. A two-reel feature entitled "Remember," will also be shown. This picture is put out by the French government. These pictures are shown under the auspices of the local Council of Defense and the proceeds will be donated to the Red Cross.

Mrs. Frank Pringle, Mrs. Lucy Pringle, and Mrs. L. Puerner attended the funeral of the late Mr. Larson, held at Janesville, yesterday.

## A Successful Adventure

By GWENDOLYN C. ROBINSON

(Copyright, 1918, by the McClure Newspaper Syndicate.)

"I have a brand new scheme to help win the war."

"Go ahead. I suppose now we're to live on bran and raw cabbage and wear potato sacks."

"Don't be silly, Babs. This is a really sensible idea. Here we are, just we two girls in this expensive apartment, spending every cent we earn as fast as we get it. I felt positively cheap the other night at the Liberty Loan rally when everyone in the store subscribed but us. I can't see where we can subscribe to even a thrift stamp with the bills we have coming in the first of every month."

"I guess we'll have to get another raise."

"Another raise?" sniffed Bess. "You know very well, Barbara, that we are overpaid now. We've simply got to give up this apartment."

"And go back to those awful boarding houses," moaned Babs.

"Not necessarily. The papers say it is almost impossible to get help on the farms this year, with all our men at war. We both love to be outdoors and surely can do something useful on a farm. What do you say to giving up this place and our positions in the store for this summer and hiring out as farmerettes?"

"Good heavens!" cried Babs, sitting up suddenly on the couch. "You aren't serious, are you?"

"I am," replied Bess calmly. "I guess I haven't forgotten all I knew about raising chickens and taking care of a vegetable garden. If I have been buying millinery for the last five years, and I guess you can learn, too."

"Learn?" said Babs scornfully. "Didn't I pick 30 quarts of blackberries last summer on my vacation in the mountains?"

"I believe you did, and ruined about \$25 worth of lace and silk in the project."

"That was different," said Babs. "I couldn't go around in overalls on my vacation, could I?"

"You can this year. We will give our notice at the store tomorrow. I guess they can get along without us."

"Ready for the farm?" shouted Babs as she threw a sofa pillow at Bess. "I'm going to start packing."

They left for Rockville. They were to work together on a dairy and dairy farm, their employer having given them with a great deal of money, and books, and provisions for the summer.

They came down and see Bess. Bess will be more well-to-do than Babs. Babs will be more well-to-do than Bess.

Company M, 339th U. S. infantry, being inspected at Archangel by Maj. Gen. V. Ironsides of the British forces.

The American regulars shown above had just arrived at Archangel for a ten days' rest after a strenuous campaign along the Volodga railroad in Russia. They are shown drawn up in the snow for inspection by Major General Ironsides of the British army, commander-in-chief of the expeditionary forces in northern Russia. The allied forces are steadily hemming in the Bolsheviks.

## Around the State

**Commemorate Tuscania**  
Appleton.—Many Appleton people commemorated the first anniversary of the sinking of the transport Tuscania, with more than a dozen Outagamie county men on board off the coast of Ireland, a year ago Wednesday. Nine Appleton men were on board the vessel when it was struck by a torpedo, but all were saved.

**Tossing Season Opens**  
Appleton.—The regular intercollegiate basketball season for Lawrence college will open Saturday, when coach Vincent's five will play Beloit.

**Long Time Between**  
Appleton.—A letter was received here from Jean Van Bierbeck, Brussels, Belgium, in answer to a letter sent to him more than four years ago. Van Bierbeck's letter was dated August 15, 1918, and he says: "Received the letter you wrote Sept. 15, 1914."

**Nurse Is Engaged**  
Marquette.—Announcement is made of the engagement of Miss Gertrude Davis, daughter of Mr. and Mrs. Warren J. Davis, Racine, to Bernard E. Smith, New York. Miss Davis has been a Red Cross nurse in France. Her father is a former mayor of Marquette, and is now president of a Racine corporation.

**K. P. Has Open Forum**  
Neenah.—Knights of Pythias here have adopted the "Open Forum" plan and debates are held on meeting nights in which all members present participate.
